Discover An Amazing Little Unknown Cool Hack To Get Your Gotv And Dstv To Work In About 5minutes Without Paying Any Kobo

I don't really know if you're like me.

Sometimes it's very annoying paying for the subscription I don't get to watch every month and to spoil it. I AM REALLY not always home except at night and I can categorically tell that even at that night I often sleep off often times as I'm too tired for the day as a result of work.

Even if Ronke my wife to be is even around (Girl Friend) EXCEPT ON PUBLIC HOLIDAYS.

And some public holidays too are fully booked as Ronke will always like us to hang out. So in effect I am always mostly not at home and I pay bills up bills.

And I am sure you know that even without you paying you can't have access to any Channels at all not until when I saw this ever green working way of getting the pay tv to work without the need to pay the subscription TV A Dime.

You can guess how excited I'm Yuppy/ When I know the amount charged is not much. Very True

But Imagine being able to save N2,500 for 12months

That is literally N30,000

WHICH YOU CAN EASILY use to offset other expenses

Imagine how relieved you'd bill

Don't forget that bills are monsters that can get you insults when it's not being paid

You don't even need any Technician or Electrician to help you out at all.

It's absolutely easy.

It's that easy that any primary school child can do it.

It will not take you more than 2minutes max and the channels will start showing instantly on you tv.

What you know is what you know.

Are you tired of paying for your gotv, dstv and many other cables and you have no time to watch it

Now you can literally get your gotv/dstv and other cable or pay tvs to work without paying any more subscription

Discover How To Connect Your Gotv/Dstv Legally Without Paying Any Kobo For Subscription In 2minutes

Things Needed To Make This Possible

Coxial Cable

RF OUT Adpter

Dstv/Gotv Decoder Mainly

Other Decoders Too Should Be Able To Do Likewise

It Works Like Magic

How To Do It

At the back of Your Go Tv DECODER there is a Place labeled RF in

Where the external cable (Coxial Cable) coming from outside enters.

Take it Out and remove the RF IN Adpter, You're going to be left with the External Cable (Coxial Cable) Coming From Outside Now You Must Have Gotten

Property Of Plustech Media +2348116357673

The RF OUT Adppter/Converter That you Will Have To Connect to the Coxial Cable You Removed From The RF IN. After Connecting It.

Put It Inside The RF OUT OF the TV AND SEARCH For Tv Stations You're Likely To Get. Depending On Your Location and many other Unforseen Circumstances you're going to be getting more channels than Each other. It depends on how Urban your Area is compared to someone in a more remote/surburb location

For Optimal Understanding Here Are Pictures Of The Above Named Parts

RF IN Adapter/Connector With Coxial Cable

Coxial Cable Only it can be white or black in colour

RF IN & RF OUT Aptater Both

RF in Female

RF out Male

RF OUT Adapter/Connector

RF IN & RF OUT Aptater Both

RF in Female

RF out Male

RF IN THAT YOU TO TAKE OUT AND PUT AT THE BACK OF YOUR TV AFTER
CHANGING THE CONNECTOR TO THAT OF OUT
